Spring 2015   *Russell Brown*
Calculus I   *859 257 3951*
MA 113:011-015   *russell.brown@uky.edu*

Office hours: M 3-4 in MathSkeller, WF 3-4 in POT 963 and by appointment

Lectures: MWF 2-2:50 in CP 153. In addition, there are recitations on Tuesday and Thursday. You should plan to attend every class.

Webpages: Common web page: `http://www.math.uky.edu/~ma113/s.15/` Lecture web page: `http://www.math.uky.edu/~rbrown/courses/ma113.s.15/`

Grading: We will follow the suggested grading guidelines in the common syllabus. Quizzes will not be graded. Attendance will be taken using sign up sheets. Attendance will be based on attendance in recitation and attendance in lecture. In addition, students who are registered in MA 193 must have at most two unexcused absences and pass MA 113 in order to pass MA 193.

Blackboard: Student grades will be recorded at Blackboard. You may access Blackboard at
`http://elearning.uky.edu/`.

Policies: Students who miss lecture and would like to request an excused absence should speak with Brown within one week of the absence.

All requests for re-grades of tests and written assignments should be submitted within one week of the date the assignment is returned in class. To request a regrade write your question about grading on the paper and return the paper to Brown.

Students who miss an assignment for illness or other reason and wish to be excused from the assignment should speak with Brown to discuss their situtation.

Please make use of office hours, the Mathskeller, and The Study. We are here to help.

Two suggestions: 1. Form a study group to work on the homework. The best way to learn mathematics is to solve problems with your fellow students. Make sure that you can explain the reasoning behind your solution to a colleague. 2. Review the material before you come to class. Math is challenging and we do not understand every detail after the first reading. If you have seen the main ideas, you will be prepared to develop a deeper understanding in lecture and recitation.
