

MATH 322
MATRIX ALGEBRA
SECTION 007
SPRING 2018

Instructor: Prof. Nat Stapleton
email: nat.j.stapleton@uky.edu
Office: 765 Patterson Office Tower
Office Hours: T 1:00-2:30, W 3-4,
or by appointment.

Course website: on Canvas
Course info: MWF 2:00-2:50, 335 Whitehall Classroom Building.
Text: *Linear Algebra and Its Applications, 5th ed.*, David C. Lay

Test dates (estimate): Test 1: Friday, Feb. 16, Test 2: Friday, Mar. 30.
Final exam: Monday, April 30, 1:00 PM

Homework: There will be both written and online homework for this class.

Written homework will be due at the beginning of class each **Friday**. Assignments will be posted on the course website. I will grade selected problems from each assignment and will give partial credit. The lowest homework score will be dropped at the end of the semester.

You are encouraged to discuss assignments with other students, but your solutions must be written up independently. Copying a written solution from another student and submitting it as your own will be considered cheating. Please see the UK office of Academic Ombud Services website (www.uky.edu/Ombud) for information about plagiarism.

Online homework is through Webwork. The address is <https://webwork.as.uky.edu/webwork2/MA322007S18/>. There will be two or three webwork assignments each week.

Quizzes: There will be a weekly quiz, at the end of class on Fridays, starting Jan. 19. There will be no quiz the week of an exam.

Grading policy: Your grade will be made up of the following components:

- (1) Quizzes - 5%
- (2) Written Homework - 10%
- (3) Online Homework - 15%
- (4) Midterm exams - 20% each
- (5) Final exam - 30%

Academic Integrity: Please don't cheat. It is an extremely serious offense. As a minimum response, I will give a zero to the offender.

No cellphones, computers, or calculators allowed during exams. By University policy the use of such constitutes cheating. Laptops and/or cellphones are not allowed to be used at anytime in the classroom.

Disabilities: Students with disabilities who require reasonable accommodations to participate in this class are asked to see me as soon as possible. In particular, any accommodations for exams must be arranged a week in advance and will require a letter from the DRC.

The instructor reserves the right to modify this syllabus at any time.
