**Office Hours:**

TR 11:00AM - 12:00PM in POT 722

T 1:00PM in the Mathskeller

Other times by appointment

**Class Preparedness:** Students are expected to have begun work on the homework assignments before recitation. Also, be sure to bring the textbook and homework assignments to recitation because time should be provided for you to work on the assignments during recitation.

**Attendance and Tardiness:** Students enrolled in MA 193 are required to attend every recitation period. As stated in the course syllabus, two unexcused absences will result in a failing grade in MA 193 (as will a failing grade in MA 113). Attendance will be taken every period. In addition to being present for every class period, students are expected to be on time to class. Repeated tardiness will not be tolerated as it is a distraction to the instructor as well as the other students in the class.

**Seeking Help:** If the material becomes too difficult, ask for help. Come and see me during my office hours. You may also see the instructor, Dr. Sathaye, or you may visit the Mathskeller or the Study. Further information on the last two alternatives is provided in the course syllabus. There are plenty of resources available to you; use them. The earlier you ask for assistance, the better.

**Note:** I do not check my email on weekends or after 5PM, but I do check it regularly while I am in my office.
