Thursday: 3:15-4:15 PM (POT 906)

or by appointment

### Text:

*Calculus* (5th edition) by James Stewart, ISBN 0-534-39339-X

### Expectations:

**Quizzes:** During our class times we will often have practice quizzes that are not part of your grade, but should be used to help you determine how well you are learning the material. These quizzes will also be sources of sample problems and help prepare you for the exams. REMEMBER these quizzes are meant to HELP you. ☺

**Come Prepared:** Bring your textbooks, homework, and other class materials to class.

\*Please work on some of your homework assignments before attending class.\*

**Work Hard:** Passing this course requires hard work and doing your homework. You should expect to spend 6-8 hours working on this course outside of class.

**Academic Integrity:** Please abide by the University policy in regards to academic integrity. You can work in groups, but you must submit your own original work.

Cheating is not tolerated.

**Attendance:** You are strongly recommended to come to class. This hour and fifteen minutes of your life will provide you with many worked problems that will be helpful when doing your homework and studying for quizzes and exams. Attendance is also part of your grade. **NOTE:** Arriving 10 minutes late for class counts as an absence.

**Tardiness:** Come to class on time. Tardiness will not be tolerated without a legitimate excuse. If you are tardy please see me after class.

**Cell phones:** Please turn off or silence cell phones. Please don't put it on vibrate. If you forget and your phone rings, silence it immediately and do not answer it. However; if I find that you are forgetting too regularly, I will count it as an absence.

**Ask for Help:** If you are having difficulty in this course, please contact me. This course builds upon itself, so it is vital to get help early. Do not wait until right before the exam to ask for help.
