Accommodations due to disability: If you have a documented disability that requires academic accommodations, please see me as soon as possible during scheduled office hours. In order to receive accommodations in this course, you must provide me with a Letter of Accommodation from the Disability Resource Center (Room 2, Alumni Gym, 257-2754, jkarnes@email.uky.edu) for coordination of campus disability services available to students with disabilities.

Attendance: Attendance is required, and you are responsible for all lecture material and announcements made in class. In lecture, roll will be taken randomly throughout the semester at the discretion of the instructor. Attendance is taken at every recitation; one of the requirements for passing MA 193 is that you have not had more than 2 unexcused absences in the recitation sections. See the section on Attendance in the Common Syllabus. Excessive tardiness or disruptive behavior will be referred to the instructor, and may be treated as an absence.

Academic integrity: Violations of academic integrity will be taken seriously and dealt with according to university regulations. Instances of cheating on exams and quizzes include (but are not limited to) copying from or communicating with another student, bringing any kind of notes into the exam unless expressly permitted, and using any type of electronic aid. You are encouraged to work together on homework, but you are required to write up and submit your own solutions to all assignments. Students caught cheating will be prosecuted according to university guidelines.

Classroom Decorum: Students are expected to be attentive and courteous during class. During class, please put away newspapers, turn off cell phones, and refrain from using laptops or other electronic devices except for note-taking purposes.
