

## 1. Instructor Details:

Instructor	HI JUN CHOE
Office:	833 POT (Phone 257-6813)
Office Hrs.	TBA or by Appt.

2. Syllabus: The text book is: **Linear Algebra and its applications by David C. Lay: Fourth Edition.** Earlier editions may be acceptable.
  3. Homework: We shall get class announced homeworks. The homework is set up with the intention of giving you practice in working out the problems. Since I also give quizzes, the homework may not be necessary, but it is made available since some students seem to need it.
  4. Quizzes: Quizzes may be given on any day without prior announcement and you should be prepared for material discussed in prior lectures. Make up quizzes are given only in case of a valid excused absence.
  5. Tests: There will be a mid term examination during the semester and a final examination.
  6. Attendance: I expect you to attend all classes. If you have a valid excuse, you should make a point of talking to me about it as soon as possible and you should make up all missed work. If you miss class without a valid excuse, your quiz grades can also suffer, since no makeups are allowed for quizzes, except for a valid excused absence.
- I would also like to emphasize that you should try to participate actively in the class. If you are shy about asking questions in class, send me email or come to my office. I will try to answer all questions, directly to you or to the whole class, as needed.
7. Grade: The final grade will be split as follows: 100 points per mid term test, 100 points for Quizzes and Homeworks.

The grade will be based on a total of  $(100+100+100)=300$  points.

Thus the final grades based on the total number of points shall be:

300 A 260 B 220 C 180 D 140 E

**Course Policy on Academic Accommodations due to disability:**

If you have a documented disability that requires academic accommodations, please see me as soon as possible during scheduled office hours. In order to receive accommodations in this course, you must provide me with a Letter of Accommodation from the Disability Resource Center (Room 2, Alumni Gym, 257-2754, email address [jkarnes@eamil.uky.edu](mailto:jkarnes@eamil.uky.edu)) for coordination of campus disability services available to students with disabilities.

**Course Policy on Academic integrity:**

Students may work together on homework, but should not submit solutions to WHS until they understand how to obtain the answer. All other course work on quizzes and exams must be the student's own work. Cheating may lead to those penalties outlined in the University Senate Rules (6.3.1 & 6.3.2) at the following website: [http://www.uky.edu/USC/New/rules\\_regulations/index.htm](http://www.uky.edu/USC/New/rules_regulations/index.htm). The Ombud site also has information on plagiarism found at <http://www.uky.edu/Ombud>.)
