13TH OHIO RIVER ANALYSIS MEETING

March 16-17, 2024
University of Kentucky, Lexington, KY

The research groups in Analysis and Partial Differential Equations at the University of Kentucky and the University of Cincinnati host this annual regional conference series.

The conference will feature five plenary speakers and sessions for contributed talks by graduate students and recently graduated Ph.D.'s. We will be able to offer financial support for some participants. ORAM 13 is a conference held in cooperation with the Association for Women in Mathematics.
