

What math classes do I need?

This is a general guideline. **Talk with an advisor familiar with your program** to be sure you understand what is required! The circled courses satisfy the UK Core Quantitative Foundations requirement. (There are also courses in other departments which satisfy this requirement, such as PHI 120.)

For more information about placement, overrides, MathExcel, CLEP exams, and many other topics, see <https://math.as.uky.edu/100-level-courses>
